INTRODUCTORY SECTION

September 17, 2018

Honorable Mayor and City Commissioners
City of Emporia
Emporia, Kansas

Honorable Mayor and City Commissioners:

The Comprehensive Annual Financial Report of the City of Emporia, Kansas (the City) for the year ended December 31, 2017 is submitted herewith.

This report was prepared by the City's Finance Department. The report is published to provide to the Commission, to representatives of financial institutions, and to our citizens and other interested persons, detailed information concerning the financial condition of the city government. Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the City. We believe the information, as presented, is accurate in all material aspects; that it is presented in a manner designed to fairly set forth the financial position and results of operation of the City as measured by the financial activity of its various funds; and that all disclosures necessary to enable the reader to gain the maximum understanding of the City's financial affairs have been included. Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

GENERAL INFORMATION

The City of Emporia lies 110 miles southwest of Kansas City and 85 miles northeast of Wichita on the eastern edge of the Flint Hills area of Kansas. Emporia has a population of 24,868 based on the 2010 census. There are 12.12 square miles of land in the City's corporate boundary, while the "planning and protected" area covers approximately 63 square miles.

The City was incorporated in 1857. The City has a Commission-City Manager form of government. The Commission is comprised of five members elected at large for terms of two and four years, with three Commissioners being elected each odd-numbered year. The Mayor is elected by the Commission.

The City Manager is appointed by the Governing Body and acts as its primary agent in accordance with state statute. Other City officers and employees are appointed by the City Manager. The Governing Body is responsible for policy determination and the City Manager is responsible for the administration of the municipal government.

This report includes all of the funds of the City. The City is financially accountable for the Emporia Public Library, and the Library is included in the City's financial statements. The City Commission appoints all members of the seven-member Library Board. Because the Library is not a separate taxing entity by applicable state statutes, the City levies taxes for the Library's operations, which represent approximately 93 percent of the Library's total revenues. The operations of the Emporia Public Library are reported as a discretely presented component unit in the City's financial statements.

The City provides a full range of municipal services. The Public Safety program includes police and fire protection; an aquatic center, golf course, tennis courts, neighborhood parks and a community center provide a well-rounded, active recreation program; the Engineering Department provides essential street and highway construction and maintenance, surveying services and other technical assistance to the City; the Public Utilities provide water, sewer and refuse collection services. Additional services provided include building inspection, planning and zoning, as well as general administrative services.

GENERAL INFORMATION (CONTINUED)

In developing and altering the City's accounting system, consideration is given to the adequacy of the internal controls. The internal controls are designed to provide reasonable, but not absolute, assurance regarding the safeguarding of assets against loss from unauthorized use or disposition and the reliability of financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits likely to be derived and the evaluation of costs and benefits requires estimates and judgments by management. All internal control evaluations occur within the above framework. We believe that the City's internal controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions. State law requires an annual audit of the books of accounts, financial records and transactions of all administrative departments of the City by independent Certified Public Accountants or Licensed Municipal Public Accountants selected by the City Commission. This requirement has been complied with and the auditor's opinion has been included in this report.

LOCAL ECONOMY

Emporia is very fortunate to have a diversified economy. This diversity provides a cushion when one particular sector of the economy suffers an economic downturn. Our major source of employment is in the field of food processing. This is an important link to our state's agricultural base, yet it is somewhat insulated from the periodic downturns. Strong employment in this sector is being maintained at Tyson's Fresh Meats, which has approximately 950 employees. Simmons Pet Food employs approximately 700 employees and is currently constructing a \$38 million dollar manufacturing facility that will employ an additional 100 employees. Hostess Brands LLC opened the Emporia facility in 2012 and continues to be the largest baking facility in the company's system and employs more than 600 employees. Hill's Pet Nutrition employs 125 people. Other employers such as Vektek, Inc., Fanestil Meats, Detroit Diesel, Cargill and Camso Manufacturing also continue to add employees. Like the rest of the country, one issue that our employers face is the ability to attract employees. The Emporia Chamber of Commerce and the Regional Development Association of East Central Kansas (RDA) are developing tools to help attract potential employees to our community.

Emporia State University (ESU) is dependent on state funding and the fiscal condition of the State is affecting the operations of the Kansas Regents System. ESU continues to aggressively seek new students. Flint Hills Technical College has experienced record enrollments during the last few years and continues to serve the business community in a very important way. The trucking industry is a very important piece of the local economy due to the City's access to modern highway systems and our geographical location in Kansas and the United States.

LONG-TERM FINANCIAL PLANNING AND MAJOR INITIATIVES

Unassigned fund balance in the general fund was 23.90 percent of total general fund revenues as of December 31, 2017. This was above the 15 percent policy guidelines set by the Commission for budgetary and planning purposes. The water fund unrestricted fund balance was 32.40 percent, the sewer fund unrestricted fund balance was 37.15 percent, and the solid waste fund unrestricted fund balance was 54.92 percent. These amounts are above the 20 percent reserve policy set by the City Commission.

The City of Emporia collects approximately 2.2 million dollars a year from a 1-cent county wide sales tax. The City Commission has stated these dollars are to be spent on city infrastructure. During 2017, \$30,000 was spent on storm water repairs, \$1.19 million on street maintenance, \$150,000 on water main valves, \$64,000 in park and zoo improvements, and \$365,260 on building repairs. This sales tax was recently extended, and is set to expire in 2024.

A five-year capital improvement plan is maintained which serves as a planning document to ensure that facilities, equipment and infrastructure are well maintained and operating in good condition. Property owners can participate in the Neighborhood Revitalization Program for property in the center areas of Emporia. The downtown district received historical district certification in 2013, which provides additional grant opportunities to maintain the buildings.

RELEVANT FINANCIAL POLICIES

The adopted budgets are an integral part of the accounting system providing management control over expenditures in the general fund, special revenue funds, debt service fund and enterprise funds. Kansas statutes require that cash be on hand before expenditure can be authorized, that all expenditures be budgeted, and that the budget not exceed anticipated revenues including carry-forward balances. The adopted budget for any fund may be amended, using the same procedures as for adoption, if the increased expenditures are financed with non-tax revenues. Formal budgetary integration is not used for the capital projects funds because budgetary control is achieved through the resolution of authorization and funding. Encumbrance accounting is used for outstanding purchase orders, contracts and other commitments. Encumbrances outstanding at year-end are reported as assigned fund balance since they are not expenditures or liabilities.

Cash temporarily idle during the year was invested in time deposits in banks ranging from 30 to 150 days in maturity and in U.S. government obligations with variable maturities and in the Kansas Municipal Investment Pool. At December 31, 2017, the City's cash resources were divided between demand deposits and investments as follows: in demand deposits and cash on hand: 10 percent; and in interest bearing investments: 90 percent. The City's investment policy is to minimize credit and market risks while maintaining a competitive yield on its portfolio. Accordingly, deposits were either insured by federal depository insurance or collateralized.

The City performs limited risk management operations intended to maintain coverage at appropriate levels; manage claims; and monitor carrier performance. The City was self-insured for its workers' compensation insurance for the year ended December 31, 2017.

CERTIFICATE OF ACHIEVEMENT

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City for its comprehensive annual financial report for the year ended December 31, 2016. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized comprehensive annual financial report, whose contents conform to program standards. Such comprehensive annual financial reports must satisfy both accounting principles generally accepted in the United States of America and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. The City has received a Certificate of Achievement for the last thirty-one consecutive years (fiscal years 1985-2016). We believe our current report continues to conform to the Certificate of Achievement Program requirements, and we are submitting it to GFOA.

ACKNOWLEDGEMENTS

The preparation of this report could not be accomplished without the efficient and dedicated services of the entire staff of the Finance Department. I should like to express my appreciation to all members of the department who assisted and contributed to its preparation. I should also like to thank the Mayor and City Commissioners for their interest and support in planning and conducting the financial operations of the City in a reasonable and progressive manner.

Respectfully submitted,

Janet Harrouff

INDEPENDENT AUDITOR'S REPORT

September 17, 2018

Mayor and City Commissioners
City of Emporia, Kansas

INDEPENDENT AUDITOR'S REPORT

Report on Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Emporia, Kansas (the City), as of and for the year ended December 31, 2017, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

The City's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Emporia Public Library, which represent 1.57% of the assets and 5.37% of the revenues of the City. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for Emporia Public Library, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the *Kansas Municipal Audit and Accounting Guide*, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City, as of December 31, 2017, and the respective changes in financial position, and, where applicable, cash flows thereof, and the respective budget comparisons for the General Fund and Multi-Year Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

September 17, 2018
Mayor and City Commissioners
City of Emporia, Kansas
(Continued)

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the required supplementary information listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining and individual nonmajor fund financial statements and schedules, the introductory and statistical sections as listed in the table of contents, and the Schedule of Expenditures of Federal Awards, as required by the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and schedules, the introductory and statistical sections as listed in the table of contents, and the Schedule of Expenditures of Federal Awards are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information as listed above and the Schedule of Expenditures of Federal Awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated DATE on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

CITY OF EMPORIA, KANSAS
MANAGEMENT'S DISCUSSION AND ANALYSIS

For the Year Ended December 31, 2017

Unaudited

Our discussion and analysis of the City of Emporia, Kansas financial performance provides an overview of the City's financial activities for the fiscal year ended December 31, 2017. The Emporia Public Library issues a complete financial statement that includes a discussion and analysis. The address for retrieval of this report is in Note 1. This narrative should be read in conjunction with the City's letter of transmittal, which begins on page i.

Financial Highlights

- The Government-wide net position totaled \$54,949,793 at the end of the current fiscal year, a decrease of \$3,691,637 from the prior year.
- The Government-wide unrestricted current assets exceed the current liabilities by \$20,261,242, representing the City's ability to meet its current obligations when due.
- Total capital assets, net of accumulated depreciation at December 31, 2017, totaled \$81,387,896.
- During the year ended December 31, 2017, the City's total expenses exceeded total revenues (which include charges for services, local taxes and state and federal aid) by \$3,691,637.
- The City's total indebtedness increased \$6,127,295. Payments totaling \$4,210,000 were made and new debt totaling \$10,397,002 was incurred from a state loan.
- The City's net capital assets increased \$6,594,035 in the current fiscal year.

Using this Financial Report

This annual report consists of two distinct series of financial statements: government-wide and fund financial statements. In addition, the annual report includes budgetary-basis financial statement comparisons, in accordance with the State of Kansas cash basis and budget laws.

The government-wide statements are designed to provide information about the City's activities as a whole and provide a longer-term view of the City's finances. The fund financial statements tell how the City's services for both governmental and business-type activities were financed in the short term, as well as what remains for future spending. Fund financial statements report the City's operations in greater detail than the government-wide statements by providing information about the City's most significant funds. In addition, combining statements included in the supplemental information show detail of all other governmental funds. The City also holds fiduciary funds on behalf of various parties. These funds are reported in a separate statement.

Reporting on the City as a Whole (Government Wide)

Statement of Net Position and the Statement of Activities

The view of the City as a whole looks at all financial transactions and asks the question, "Are we in a better financial position as a result of the current year's financial activities?" The Statement of Net Position and the Statement of Activities provide the basis for answering this question. The statements include all assets and all liabilities using the accrual basis of accounting, which is similar to the accounting method used by most private-sector companies. This basis of accounting takes into account all of the current year's revenues and expenses, regardless of when cash is received or paid.

These two statements report the City's net position and current year change in the net position. The change in net position is important because it tells the reader whether the City, as a whole, has improved or diminished its financial position. Over time, increases or decreases in the City's net position are one indicator of whether its financial health is improving or deteriorating. Causes of these changes may be the result of many factors, some financial, some not. Non-financial factors include the City's property tax base, state mandates, and the financial condition of the State of Kansas general fund.

CITY OF EMPORIA, KANSAS
MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

For the Year Ended December 31, 2017

Unaudited

Reporting on the City as a whole (Government Wide) (Continued)

In the Statement of Net Position and the Statement of Activities, the City is divided into two distinct kinds of activities:

Governmental Activities — Most of the City's programs and services are reported here, including general government, public safety, highways and streets, culture and recreation, health and environment, building and maintenance, planning and development and airport operation.

Business-Type Activities — These services are provided on a charge for goods and services basis to recover all of the expenses of the goods or services provided. The city's solid waste disposal, sewer utility, and water utility are reported as business-type activities. In addition, the City's workers' compensation fund and the insurance fund are treated as internal service funds.

Reporting the City's Most Significant Funds (Fund Financial Statements)

Fund financial statements provide detailed information about the City's major funds. The City uses many funds to account for a multitude of financial transactions. The major fund financial statements focus on the City's most significant funds. Combining fund balance sheets and statements of revenues, expenditures and changes in fund balances provide detailed information about all of the City's non-major governmental funds.

Governmental Funds — Most of the City's activities are reported in the governmental funds, which focus on how money flows into and out of the funds and balances left over at fiscal year end available to be spent in future periods. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the City's general operations and the basic services it provides. Governmental fund information helps the reader to decide where there are more or fewer financial resources that can be spent in the near term to finance the City's programs. Major differences between the City's governmental activities as reported in the Statement of Net Position and the Statement of Activities and its governmental funds are reconciled in the Governmental Funds financial statements.

Proprietary Funds — Proprietary funds (Solid Waste Disposal, Sewer Utility and Water Utility) are enterprise funds that use the same basis of accounting as business-type activities; therefore, these statements replicate the information provided in the government-wide financial statements.

The City as a Whole

Government-Wide Net Position

Net position may serve over time as a useful indicator of a government's financial position. In the case of the City of Emporia, Kansas, assets exceeded liabilities by \$54,949,793 at the end of the current fiscal year.

By far the largest portion of the City of Emporia's net position (92.8 percent) reflects its investment in capital assets, less any related debt used to acquire those assets that is still outstanding. The City of Emporia uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City of Emporia's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

CITY OF EMPORIA, KANSAS
MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

At the end of the current fiscal year, the City of Emporia is able to report positive balances in all three categories of net position for the government as a whole and business-type activities. The unrestricted net position of the governmental activities is a negative balance, primarily due to the implementation of GASB 68.

The City's net position was decreased by \$3,691,637 during the current fiscal year. Governmental activities decreased \$6,866,932, while business-type activities net position increased by \$3,175,295. The primary reason for the decrease in governmental activities is primarily due to the current year depreciation on capital assets. The primary reason for the increase in business-type activities is the increase of rates in the various utility funds, as well as capital contributions to capital assets.

Financial Analysis of the City's Funds

The City uses fund accounting to ensure and demonstrate compliance with state and federal finance-related legal requirements. These funds are accounted for on the modified accrual basis of accounting.

The governmental funds of the City provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the City's financing requirements. Unreserved fund balances, in particular, measure the City's net resources available for spending at the end of the City's fiscal year.

As of the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$8,519,923, an decrease of \$3,877,507 in comparison with the prior year. The balance balances are as follows: The remainders of fund balance amounts were as follows: \$3,525,783 restricted for various city functions and services; \$3,059,671 assigned for purchases on order and subsequent year's budget appropriations; and \$2,030,150 General Fund available for spending at the City's discretion.

The General Fund is the chief operating fund of the City. At the end of the current fiscal year, unassigned fund balance of the general fund was \$2,030,150. The fund balance of the City's general fund was increased by \$862,507 during the current fiscal year, mainly due to strict limits on expenditures.

The Multi-Year Improvement Fund was established to receive funding for the purpose of making improvements to the City over an extended period of time. The fund balance increased \$179,926. The source of this revenue is a special sales tax. More was collected than spent in 2017.

The Debt Service Fund has a total fund balance of \$433,646, all of which is reserved for the payment of debt service. The net increase in fund balance during the current year in the fund was \$156,303. The increase is due to receipts in excess of expenditures.

The City's proprietary fund statements provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net position of the enterprise funds is as follows: Water Fund unrestricted net position decreased \$728,442, ending at \$1,844,271; Sewer Fund unrestricted net position increased \$241,349, ending at \$1,572,745; and the Solid Waste Fund unrestricted net position increased \$244,384, ending at \$2,784,267. The factors concerning the finances of these funds have already been addressed in the discussion of the City's business type activities.

General Fund Budgeting Highlights

The City's budgets are prepared in accordance with Kansas law and are based primarily on the basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund. The City's final General Fund budget was \$21,540,349. The revenues were lower than budgetary estimates by \$25,906 and the expenditures were less than budgetary estimates by \$2,234,079. The actual expenditures (before transfers) for the General Fund as of December 31, 2017 were \$15,739,955, compared to the final budget of \$18,308,075. This was due in part to management restriction of expenditures of department heads because of the current economic conditions.

Capital Assets and Debt Administration

The City's investment in capital assets for its governmental and business-type activities totaled \$81,387,896 (net of accumulated depreciation) as of December 31, 2017. This investment in capital assets includes land, buildings and systems, improvements, machinery and equipment, park facilities, roads, highways and bridges. The decrease in the City's investment in capital assets for the current fiscal year for governmental activities was 12.98% and the increase for business-type activities was 37.09%. The majority of the increase in the business-type activities relates to the construction in process related to the water treatment plant.

Major capital asset events during the current fiscal year included the following:

Completed replacement of Ozone water treatment project at a cost of \$3,010,962.

Started reconstruction of the waste water treatment plant at a cost of \$12,863,147.

Repaired various streets, curbs, gutters, driveways, and sidewalks throughout Emporia at a cost of \$1,098,448.

Completed various storm water channel improvements at a cost of \$49,380.

Installed new water main on Sylvan St from 6th Ave to 12th at a cost of \$698,027.

Installed new water main on 18th Ave from W Wilman Court to Rural Street at a cost of \$90,294.

Started design on new water main on E Wilman Court from 18th Ave to Rural at a cost of \$26,666.

Started design on new water main on 12th Ave from Prairie to Grand at a cost of \$39,045.

Began study and design of a new elevated water storage tank and 16" water main for Industrial Park III at a cost of \$42,035.

Completed Storm Water, curb & gutter improvements in Hidden Vista subdivision at a cost of \$17,700.

Completed inspection services for the roadway improvements at 24th & Industrial at a cost of \$35,281.

Started design of replacing a 16" raw water line from the river to the plant at a cost of \$41,976.

Completed cleaning and tuck pointing the Civic Building, Library and Museum at a cost of \$146,500.

Continued a rehabilitation of Lift Station #9 at a cost of \$62,000.

Installed 1,650 linear feet of sidewalk around an elementary school at a cost of \$53,223.

Continued the hazardous sidewalk replacement program, replacing 1,747 lin ft of 4" sidewalk and 250 lin ft. of 6" sidewalk for a cost of \$50,417.

Capital Assets and Debt Administration (Continued)

Additional information on the City's capital assets can be found in Note 3 of the financial statements.

Long-term Debt Activity

At December 31, 2017, the City had total general obligation bond debt outstanding of \$20,005,000, backed by the full faith and credit of the City. Total general obligation long-term debt decreased for payments in the amount of \$4,210,000 for the fiscal year ended December 31, 2017. The City is rated by one of the three rating agencies (Standards & Poor's) and has a rating of A+. The ratio of bonded debt to assessed valuation for the City is 15.11%. The City received loan funds from the Kansas Department of Health & Environment during 2017 totaling \$10,397,002. Additional loan funds will be received in 2018. No principal payments were made in 2017. Additional information on the City's general long term debt can be found in Note 3 to the financial statements.

Economic Factors and Next Year's Budgets and Rates

The unemployment rate for the City of Emporia/Lyon County in December of 2017 was 3.4%, according to the Kansas Department of Labor. The unemployment rate is expected to stay in the same general area in the next 12 months, based on current economic conditions for local businesses and industries. The general revenue trends of the City of Emporia are expected to stay approximately the same or show a slight increase in assessed valuation and sales tax revenue. The City will continue to experience a slight decrease in revenue from the Multi-Year Sales Tax Fund, that is derived from a county-side sales tax based on the distribution formula used by the State of Kansas. The revenue and expenses are reviewed weekly by city management and monthly by the Mayor and Commission. The City's management also reviews the status of unencumbered cash report on a weekly basis.

The local economic outlook for major employers has been positive and is expected to continue well into 2018. Several local manufacturers/employers have added employees and expanded their Emporia facilities. Hostess Brands employs approximately 600 employees as of the end of 2017. Simmons Pet Food announced a business expansion in 2017 that will include the construction of a new building and the addition of approximately 100 employees. Other employers, such as Hill's Pet Nutrition, Camso Manufacturing, Cargill, Detroit Diesel, Fanestil Meats and VekteK, Inc. also continue to add employees. Emporia State University continues to aggressively work toward increasing student population (both in total numbers and Emporia numbers). The Flint Hills Technical College has seen strong enrollment in recent years and serves as an excellent resource to the local employers for their employee needs. The City of Emporia and the Regional Development Association of East-Central Kansas will continue to aggressively promote economic development in order to fill vacant storefronts, industrial parks, improve the quality of life and to further diversify the Emporia economy.

The occupancy rate in the downtown area is approximately 90% and is expected to continue in this range in 2018. The Community Initiated Development Plan (CID) was approved by the Emporia City Commission in 2014. The first two phases of CID led to the creation of distinct districts within the downtown, including the Black and Gold District (focus is university uses); Arts District (arts and entertainment); Retail and Office (area surrounding the Lyon County Courthouse). The next phase will identify specific types of uses and retailers, as well as the level of infrastructure that will be necessary to support these uses. Private developers are working on a downtown Convention Center/Hotel that will help Emporia attract events and a mixed-use development is planned for the north end of Commercial Street, just south of Emporia State University. The development features ground floor commercial space and approximately 50 apartment units. This mixture will encourage people to live downtown and increase the population base for retailers.

CITY OF EMPORIA, KANSAS
MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

For the Year Ended December 31, 2017

Unaudited

Economic Factors and Next Year's Budgets and Rates (Continued)

The City of Emporia continued to make improvements to city-owned infrastructure and facilities in 2017. The City completed the installation of two ozone generator units in 2017. The City also began construction of a new \$28 million dollar waste water facility that will meet all rules and regulations established by the Environmental Protection Agency and the Kansas Department of Health and Environment. In addition, the City has continued to make significant improvements to the road network, water distribution system, sanitary sewer system, storm water drainage, airport and park systems. The City will continue to use the Multi-Year Fund to improve city infrastructure in 2018 and beyond.

Each of the City's operating funds maintained unencumbered cash reserves at or above the reserve level set forth by City policy. The City Commission and management will continue to monitor revenues and expenses, as well as unencumbered cash reserves, to ensure the reserves do not fall below the target level. City management will take aggressive action, if necessary, to maintain the reserve levels. Some of these steps may include not filling vacant positions, eliminating capital purchases and monitoring projects to ensure they come in under budget. In 2017, City Commission approved a five-year budget and adopted a Capital Improvements Plan that will help the City better anticipate and manage long-term finances of the City.

The General Fund had a decrease in unencumbered cash in the amount of \$100,221 for the 2017 fiscal year. The General Fund ended the 2017 fiscal year with reserves in excess of the target goal of 15%.

The Multi-Year Improvement Fund had an decrease in unencumbered cash of \$4,912 for the 2017 fiscal year. The change is simply due to projects being completed and funded. The City has no reserve target for this fund.

The Debt Service Fund had an increase of \$156,303 in unencumbered cash for the 2017 fiscal year. The decrease was due to debt service payments. The City has no reserve target for this fund.

The Water Fund had a decrease in unencumbered cash in the amount of \$655,775 for the 2017 fiscal year. The Water Fund ended the 2017 fiscal year with reserves above the 20% target reserve level.

The Sewer Fund had a decrease in unencumbered cash in the amount of \$102,600 for the 2017 fiscal year. The Sewer Fund ended the 2017 fiscal year with reserves above the 20% target reserve.

The Solid Waste Fund had a decrease in unencumbered cash in the amount of \$12,930 for the 2017 fiscal year. The Solid Waste Fund ended the 2017 fiscal year with reserves above the 20% target level.

Total unencumbered cash reserves in all funds decreased \$2,866,963. This includes operational and restricted funds.

Contacting the City

This financial report is designed to provide a general overview of the City's finances. If you have questions about this report or need additional financial information, contact the City's Finance Department at 104 E 5th Avenue, Emporia, Kansas 66801.

CITY OF EMPORIA, KANSAS
RECONCILIATION OF THE BALANCE SHEET OF THE GOVERNMENTAL
FUNDS TO THE STATEMENT OF NET POSITION
GOVERNMENTAL FUNDS
December 31, 2017

Total Governmental Fund Balances \$ 8,519,923

Amounts reported for governmental activities in the statement of net position are different because:

Internal service funds are used by management to charge the costs of certain activities, such as insurance, to individual funds. The assets and liabilities of certain internal service funds are included in governmental activities in the statement of net position. 898,187

Deferred outflows represent a consumption of net position that applies to a future period and so will not be recognized as an expenditure of resources until then. 2,510,738

Deferred inflows of resources represent an acquisition of net position that applies to a future period and so will not be recognized as a revenue until then. (986,159)

Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds.

The cost of capital assets is	\$ 237,330,434	
Accumulated depreciation is	<u>(200,573,045)</u>	36,757,389

Long-term liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not reported as liabilities in the funds. Long-term liabilities at year-end consist of:

General obligation	\$ 6,705,000	
Interest payable	59,950	
Net pension liability	12,706,701	
Net OPEB obligation payable	57,323	
Compensated absences payable	<u>356,099</u>	<u>(19,885,073)</u>

Net Position of Governmental Activities \$ 27,815,005

CITY OF EMPORIA, KANSAS
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE
STATEMENT OF ACTIVITIES

For the Year Ended December 31, 2017

Total Net Change in Fund Balances - Governmental Funds \$ (3,877,507)

Amounts reported for governmental activities in the statement of activities are different because:

Capital outlays to purchase or build assets are reported in governmental funds as expenditures. However, for governmental activities those costs are shown in the statement of net position and allocated over their estimated useful lives as annual depreciation expenses in the statement of activities. This is the amount by which capital outlays exceed depreciation in the period.

Capital outlays	\$ 1,881,554	
Depreciation expense	<u>(7,680,677)</u>	(5,799,123)

Internal service funds are used by management to charge the costs of certain activities, such as insurance, to individual funds. The revenues and expenses of certain internal service funds are included in governmental activities in the statement of activities. (338,794)

Deferred outflows and inflows of resources related to pensions are not included in governmental funds. 159,076

Governmental funds report all pension contributions as expenditures; however, in the Statement of Net Position, the excess of the plan proportionate share of the total pension liability over the proportionate share of the plan fiduciary net position is reported as a net pension liability. 497,400

Interest on long-term debt in the statement of activities differs from the amount reported in the governmental funds because interest is recorded as an expenditure in the funds when it is due, and thus requires the use of current financial resources. In the statement of activities, however, interest expense is recognized as the interest accrues, regardless of when it is due. This is the amount by which interest accrual changed. 12,252

Some expenses reported in the statement of activities, such as compensated absences and postemployment benefits do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. 9,764

Repayments of bond principal are expenditures in the governmental funds, but it reduces long-term liabilities in the statement of net position and does not affect the statement of activities. 2,470,000

Changes in Net Position of Governmental Activities \$ (6,866,932)

NOTES TO FINANCIAL STATEMENTS

CITY OF EMPORIA, KANSAS
NOTES TO FINANCIAL STATEMENTS
December 31, 2017

Note 1: Summary of Significant Accounting Policies
Reporting Entity

The City of Emporia is a municipal corporation governed by five elected commissioners. As required by accounting principles generally accepted in the United States of America, these financial statements present the City and its component units, entities for which the government is considered to be financially accountable. The discretely presented component unit is reported in a separate column in the combined financial statements to emphasize it is legally separated from the government. The discretely presented component unit has a December 31 year-end.

Discretely Presented Component Unit

Emporia Public Library – The Emporia Public Library (the Library) serves the citizens within the City's jurisdiction. The City appoints the entire governing body of the Library. Because the Library is not a separate taxing entity, the City levies tax for the Library's operations. The City appropriated \$818,566 to the Library in 2017. Complete financial statements may be obtained at the Emporia Public Library, 110 E. 6th Avenue, Emporia, Kansas.

Jointly Governed Organization

Regional Development Association of East Central Kansas, Inc. – The Regional Development Association of East Central Kansas, Inc., (the RDA) is a not-for-profit corporation whose purpose is to benefit the public interest through the activity of business and economic development in the City and Lyon County, Kansas. The RDA's governing board consists of seven voting members, two of whom are appointed by the City. The City has entered into a contract under which the City appropriates funds to the RDA which are used for business and economic development. The City has no ongoing financial interest or responsibilities with respect to the RDA.

Emporia Recreation Commission – The Emporia Recreation Commission was established as a joint venture between the City of Emporia, Kansas and Unified School District Number 253, Emporia, Kansas. The governing board consists of one member from the Emporia City Commission, one member from the Unified School District Number 253 Board of Education, and one at-large Board member appointed by the other four appointed members of the Recreation Commission Board.

Government-Wide and Fund Financial Statements

The statement of net position and the statement of activities report information on all of the non-fiduciary activities of the primary government and its component unit. For the most part, the effect of interfund activity has been removed from these statements. Exceptions to this general rule are charges between the City's governmental and business-type activities. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient for the goods or services offered by the program and grants and contributions that are restricted to meeting the operational requirements of a particular program. Taxes and other items, which are not classified as program revenues are presented as general revenues of the City.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual funds are reported as separate columns in the fund financial statements. Non-major funds are aggregated and presented in a single column in the fund financial statements.

CITY OF EMPORIA, KANSAS
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2017

Note 1: Summary of Significant Accounting Policies (Continued)

Reporting Entity (Continued)

Measurement Focus - Basis of Accounting and Basis of Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied and collected within 60 days of the end of the current fiscal period. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to certain compensated absences and claims and judgments are recognized when the obligations are expected to be liquidated with expendable available financial resources.

Property taxes and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Entitlements and shared revenues are recorded at the time of receipt or earlier if the susceptible to accrual criteria are met. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met.

Proprietary fund type operating statements present increases (revenues) and decreases (expenses) in total net position. Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing goods and services in connection with a proprietary fund's ongoing operations. The principal operating revenues of the City's proprietary funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenue and expenses not meeting this definition are reported as non-operating revenues and expenses.

The internal service funds account for contributions made by the City to be used for paying claims for job-related injuries as well as contributions made by the City, City employees and former City employees to be used for payment of medical claims of covered employee health care participants and additional health insurance premiums. The City is self insured for its workers' compensation insurance.

The private purpose trust funds are used to account for resources legally held in trust. Agency funds are custodial in nature and do not measure results of operations or have a measurement focus. Agency funds do, however, use the accrual basis of accounting. The following activities are accounted for in each fiduciary fund:

Tree Private Purpose Trust Fund – To account for monies provided by private donors to finance planting of trees.

Fremont Park Private Purpose Trust Fund – To account for the money donated to the City for the purpose of building a display shelter for the railroad engine and caboose at Fremont Park.

Las Casitas Park Private Purpose Trust Fund - To account for monies provided by private donors to finance improvements to the Las Casitas Park.

Economic Development Private Purpose Trust Fund - To provide a financial resource which enhances the City's ability to attract new economic development projects by lending money to businesses that is repaid with interest.

CITY OF EMPORIA, KANSAS
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
December 31, 2017

Note 1: Summary of Significant Accounting Policies (Continued)

Reporting Entity (Continued)

Measurement Focus - Basis of Accounting and Basis of Presentation (Continued)

Fire Insurance Proceeds Agency Fund – To account for a portion of insurance proceeds from fire and casualty losses to structures within the City. Proceeds are returned to property owners upon substantial completion of repairs or demolition of structure.

The City reports the following major governmental funds:

The General Fund is used to account for resources traditionally associated with government which are not required legally or by sound financial management to be accounted for in another fund.

The Multi-year Improvement Fund is used to account for the 1% county sales tax which is used to make improvements to the City of Emporia.

The Debt Service Fund is used to account for the accumulation of resources and payment of general obligation bond principal and interest from governmental resources.

The City reports the following major proprietary funds:

Solid Waste Disposal Fund accounts for funds derived from customer service charges for solid waste disposal. All activities necessary to provide such services are accounted for in this fund.

Sewer Utility Fund is used to account for all sewer operations including administration, maintenance, and financing and related debt service and billing collection. All operations are financed by means of customer user fees which are established by the governing body.

Water Utility Fund is used to account for the provision of water service to the residents of the City and some customers outside the City. All activities necessary to provide water service are accounted for in this fund, including administration, operations, maintenance, financing and related debt service and billing collection.

Pooled Cash and Investments

The City maintains a cash and investment pool that is available for use by all funds managed by the City (except for investments of the employees' health insurance trust and workers' compensation fund). The City's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

Investments are stated at fair value. Cash balances from all funds are invested to the extent available in certificates of deposit and other authorized investments. Investments with maturity dates greater than three months are stated separately. Earnings from these investments, unless specifically designated, are allocated monthly to the investing fund based on the percentage of funds invested to total investments.

CITY OF EMPORIA, KANSAS
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
December 31, 2017

Note 1: Summary of Significant Accounting Policies (Continued)

Receivables and Payables

Transactions between funds that are representative of lending / borrowing arrangements outstanding at the end of the fiscal year are referred to as either "interfund receivables / payables" (i.e., the current portion of interfund loans) or "advances to / from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to / from other funds". Any residual balances outstanding between governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

All trade receivables are shown net of an allowance for uncollectibles, if applicable.

Property taxes receivable – The determination of assessed valuations and the collections of property taxes for all political subdivisions in the State of Kansas is the responsibility of the various counties. The office of the County Appraiser annually determines assessed valuations on January 1 and the County Clerk spreads the annual assessment on the tax rolls. The County Treasurer is the tax collection agent for all taxing entities within the county. In accordance with state statutes, property taxes levied during the current year are a revenue source to be used to finance the budget of the ensuing year. Property taxes are levied and liens against property are placed on November 1 of the year prior to the fiscal year for which they are budgeted. Payments are due December 20, becoming delinquent, with penalty, December 21. Payments of 50% are accepted through December 20, with the second 50% then being due on or before May 10 of the following year. The City Treasurer draws down all available funds from the County Treasurer's office in two-month intervals. Taxes remaining due and unpaid at February 15 and July 1 are subject to collection procedures prescribed in state statutes.

Collection of current year property tax by the County Treasurer is not completed, apportioned nor distributed to the various subdivisions until the succeeding year, such procedure being in conformity with governing state statutes. Consequently, current year property taxes receivable are not available as a resource that can be used to finance the current year operations of the City. Accruals of uncollected current year property taxes are offset by deferred receivables and are identical to the adopted budget for 2017 in the governmental fund financial statements. It is not practicable to apportion delinquent taxes held by the County Treasurer and, further, the amounts thereof are not material in relationship to the financial statements taken as a whole.

Inventories

Inventories are valued at cost using the first-in / first-out (FIFO) method. The costs of governmental fund-type inventories are recorded as expenditures when purchased rather than when consumed.

Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items.

Restricted Assets

Cash in the Debt Service Fund held with the fiscal agent are restricted for payment of principal and interest on general obligation bonds.

Capital Assets

Capital assets, which include property, plant, equipment and infrastructure assets, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets, donated works of art and similar items, as well as capital assets received in a service concession arrangement are reported at acquisition value. Capital assets used in governmental funds types of the City are recorded at cost or estimated historical cost if purchased or constructed.

CITY OF EMPORIA, KANSAS
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2017

Note 1: Summary of Significant Accounting Policies (Continued)

Capital Assets (Continued)

The cost of normal maintenance and repairs that do not add to the value of the assets or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type is included in the capitalized value of the asset constructed, net of interest earned on the invested proceeds over the same period.

Property, plant and equipment of the primary government are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	20-75
Land improvements	20-75
Building improvements	20-75
Machinery and equipment	5-10
Office equipment	5-10
Infrastructure	20-75

Compensated Absences

It is the City's policy to permit employees to accumulate earned but unused vacation, compensatory and sick pay benefits. No liability is reported for unpaid accumulated sick leave, as sick leave is not payable upon termination. Vacation pay is accrued when incurred in the government-wide and proprietary funds and reported as a fund liability. Vacation pay that is expected to be liquidated with expendable available financial resources is reported as an expenditure and a fund liability of the governmental fund that will pay it. Compensated absences are reported in governmental funds only if they have matured (i.e. unused reimbursable leave still outstanding following an employee's termination). The General Fund has been used to liquidate the governmental funds compensated absences in prior years.

Long-Term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

CITY OF EMPORIA, KANSAS
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
December 31, 2017

Note 1: Summary of Significant Accounting Policies (Continued)

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The government only has one item that qualifies for reporting in this category. It is the deferred outflows related to pensions, including change in proportion and contributions subsequent to measurement date.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The government has two items of this type that qualify for reporting in this category. Accordingly, the items, unavailable revenue and deferred inflows pension, including difference between expected and actual experience, net difference between projected and actual earnings, changes of assumptions and changes in proportion, are reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from one source: property taxes. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

Net Position Flow Assumption

Sometimes the City will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the City's policy to consider restricted – net position to have been depleted before restricted – net position is applied.

Fund Balance Flow Assumptions

Sometimes the City will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the City's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

Fund Balance Policies

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The City itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance).

The committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the City's highest level of decision-making authority. The governing commission is the highest level of decision-making authority for the City that can, by adoption of an ordinance prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the ordinance remains in place until a similar action is taken (the adoption of another ordinance) to remove or revise the limitation.

CITY OF EMPORIA, KANSAS
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
December 31, 2017

Note 1: Summary of Significant Accounting Policies (Continued)

Fund Balance Policies (Continued)

Amounts in the assigned fund balance classification are intended to be used by the City for specific purposes but do not meet the criteria as committed. The commission may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.

Landfill Post-Closure Care Liability

State and federal laws and regulations required the City to place a final cover on its landfill site, which was closed during 1994, and to perform certain maintenance and monitoring activities at the site for thirty years after closure. The amount reported as landfill post-closure care liability at December 31, 2017 represents what it would cost to perform all post-closure care in 2017. The actual costs may be higher due to inflation, changes in technology or changes in regulations. The City intends to fund these costs internally.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Net Position

Net assets represent the difference between assets and liabilities. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those asset. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors or law or regulations of other governments.

Note 2: Stewardship, Compliance and Accountability

Budgetary Information

Kansas statutes require that an annual operating budget be legally adopted for the general fund, special revenue funds (unless specifically exempted from statute), debt service funds and enterprise funds. The statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget.

- a. Preparation of the budget for the succeeding calendar year on or before August 15th of each year.
- b. Publication in a local newspaper of the proposed budget and the notice of public hearing on the budget on or before August 5th.
- c. Public hearing on or before August 15th of each year, but at least ten days after publication of the notice of hearing.
- d. Adoption of the final budget on or before August 25th.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in revenue other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication the hearing may be held and the governing body may amend the budget at that time. For 2017, there were five budget amendments affecting the following funds: Library Fund, Drug Forfeiture Fund, Bond & Interest Fund, Water Fund and Waste Water Fund.

CITY OF EMPORIA, KANSAS
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2017

Note 2: Stewardship, Compliance and Accountability (Continued)
Budgetary Information (Continued)

The statutes permit management to transfer budgeted amounts between line items and departments within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison statements are presented for each governmental fund with a legal budget, showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

All legal annual operating budgets are prepared using the statutory basis of accounting, in which revenues are recognized when cash is received, and expenditures include disbursements, accounts payable, and encumbrances. Encumbrances are commitments by the City for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Any unused budgeted expenditure authority lapses at year end.

A legal operating budget is not required for capital projects funds, trust funds, and the following special revenue funds: Housing Study RDA, Emergency Shelter, Law Enforcement Block Grants, DARE Crime Prevention, 2009 NSP, 2009 Home Buyer and Repair, 2014 Housing, 2011 Home Rehabilitation, 911 Land Wire Fees, Lake Kahola, TDD, TIF, CID, Emporia Home Repair and 2017 Housing. Spending in funds which are not subject to the legal annual operating budget requirements are controlled by federal regulations, other statutes, or by the use of internal spending limits established by the governing body.

By statute, the City prepares its annual budget on a non-GAAP basis of accounting as described above. A reconciliation of these budgetary statements to the GAAP statements for the major governmental funds is as follows:

	Major Governmental Funds		
	General Fund	Multi- Year Improvement	Debt Service Fund
Revenues - Budgetary basis	\$ 17,411,864	\$ 2,285,093	\$ 2,901,384
Canceled encumbrances	-	-	-
Revenues - GAAP Basis	\$ 17,411,864	\$ 2,285,093	\$ 2,901,384
Expenditures - budgetary basis	\$ 19,306,270	\$ 2,197,511	\$ 2,745,081
Encumbrances, beginning of year	(87,428)	(53,510)	-

Note 2: Stewardship, Compliance and Accountability (Continued)
Compliance with Kansas Statutes

The following funds had deficit fund equities as of December 31, 2017: Emporia Homeowner Repair - \$5,229; Law Enforcement Block Grant - \$553; 2017 Housing - \$95,681; Internal Improvements - \$164,475; Water Treatment Plant Improvements - \$378,666 and Waste Water Treatment Plant Improvements - \$1,459,536. These deficits will be recovered from the receipt of grant monies or loan proceeds.

Note 3: Detailed Notes on All Funds
Deposits and Investments

The City's cash is considered to be active funds by management and is invested according to KSA 9-1401. The statute requires that banks eligible to hold active funds have a main or branch bank in the county in which the City is located and the banks provide an acceptable rate for active funds.

Various City investments are considered to be idle funds by management and are invested according to KSA 12-1675. The statute requires that the City invest its idle funds in only temporary notes of the City, bank certificates of deposit, repurchase agreements, and if eligible banks do not offer an acceptable rate for the funds: U.S. Treasury bills or notes, or the Kansas Municipal Investment Pool (KMIP). Maturities of the above investments may not exceed two years by statute.

Some of the City's investments are of bond proceeds invested pursuant to KSA 10-131. This statute allows additional investment authority beyond that of KSA 12-1675. Investments of bond proceeds may follow KSA 12-1675 or include other investments such as the KMIP, direct obligations of the US government or any agency thereof, investment agreements with a financial institution the obligations of which at the time of investment are rated in either of the three highest rating categories by Moody's investors service or Standard and Poor's corporation, and various other investments as specified in KSA 10-131.

At December 31, 2017, the City has the following Investments:

<u>Investment Type</u>	<u>Fair Value</u>	<u>Rating</u>	<u>Weighted Rate</u>
Kansas Municipal Investment Pool	\$ 15,054,116	S&P AAAf/S1+	0.010%

The municipal investment pool is under the oversight of the Pooled Money Investment Board. The board is comprised of the State Treasurer and four additional members appointed by the State Governor. The board reports annually to the Kansas legislature. State pooled monies may be invested in direct obligations of, or obligations that are insured as to principal and interest by the US government or any agency thereof, with maturities up to four years. No more than 10 percent of those funds may be invested in mortgage-backed securities. In addition, the State pool may invest in repurchase agreements with Kansas banks or with primary government securities dealers. The fair value of the City's position in the municipal investment pool is substantially the same as the value of the pool shares.

The City does not have any formal investment policies that would further limit concentration of credit risk, interest rate risk or custodial credit risks beyond state statutes.

CITY OF EMPORIA, KANSAS
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
December 31, 2017

Note 3: Detailed Notes on All Funds
Deposits and Investments (Continued)

Custodial credit risk is the risk that in the event of a bank failure, the City's deposits may not be returned to it. The City's deposit policy for custodial credit risk require that the depository banks will maintain 100% security in the form of FDIC coverage and pledged collateral according to KSA 9-1402. At year-end, the carrying amount of the cash, including certificates of deposit and cash on hand, was \$19,488,882 and the bank balance was \$19,904,260. The difference between the carrying amount and the bank balance was outstanding checks, deposits in transit and cash on hand. Of the bank balance, \$250,000 was covered by federal depository insurance and the remaining \$19,654,260 was collateralized by pledged securities held under joint custody receipts issued by a third-party bank in the city's name. The third-party bank holding the pledged securities is independent of the pledging bank. The pledged securities are held under a tri-party custodial agreement signed by all three parties: the City, the pledging bank, and the independent third-party bank holding the pledged securities.

Component Unit - At year-end, the carrying amount of the Library's cash, including certificates of deposit and cash on hand, was \$610,507 and the bank balance was \$612,995. The difference between the carrying amount and the bank balance was outstanding checks, deposits in transit and cash on hand. Of the bank balance, \$494,557 was covered by federal depository insurance and the remaining \$118,438 was collateralized by pledged securities held under joint custody receipts issued by a third-party bank in the Library's name. The third-party bank holding the pledged securities is independent of the pledging bank. The pledged securities are held under a tri-party custodial agreement signed by all three parties: the Library, the pledging bank, and the independent third-party bank holding the pledged securities.

December 31, 2017

Note 3: Detailed Notes on All Funds (Continued)
Long-Term Debt (Continued)

General obligation bonds. The City issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds have been issued for both general government and proprietary activities. These bonds are reported in the proprietary funds if they are expected to be repaid from proprietary fund revenues. In addition, general obligation bonds have been issued to refund both general obligation and revenue bonds.

General obligation bonds are direct obligations and pledge the full faith and credit of the City. These bonds generally are issued with equal amounts of principal maturing each year. General obligation bonds and notes currently outstanding are as follows:

<u>Issue</u>	<u>Interest Rates</u>	<u>Date of Issue</u>	<u>Original Issue</u>	<u>Date of Final Maturity</u>	<u>Bonds Outstanding</u>
Governmental Activities					
2007A Internal Improvements	5.00% - 5.60%	10/10/2007	3,610,000	9/1/2018	\$ 100,000
2011 Internal Improvements	3.00% - 4.00%	6/3/2011	2,490,000	9/1/2021	1,130,000

	\$ 13,300,000	\$ 2,145,683	\$ 6,705,000	\$ 761,450	\$ 22,912,133

Loans payable. The City entered into a loan agreement with the Kansas Department of Health & Environment through the Kansas Water Pollution Control Revolving Loan Fund related to a waste water treatment plant improvement project. The total project principal will be \$28,372,145, with construction period interest and services fees of \$362,856. As of December 31, 2017, the principal outstanding was \$10,397,002. The interest rate on the loan is 1.94%, which includes .25% for service fees. The first payment on this loan is due March 1, 2019, with a maturity date of September 1, 2038. This loan is reported in the sewer proprietary fund. Due to the fact that the entire loan had not been drawn at December 31, 2017, and the first payment is not due until 2019, long term maturities were not available.

Loans currently outstanding are as follows:

<u>Loans</u>	<u>Interest Rates</u>	<u>Date of Issue</u>	<u>Original Issue</u>	<u>Date of Final Maturity</u>	<u>Loans Outstanding</u>
Business-Type Activities

CITY OF EMPORIA, KANSAS
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
December 31, 2017

Note 3: Detailed Notes on All Funds (Continued)
Long-Term Debt (Continued)

Special assessments - As provided by Kansas statutes, projects financed in part by special assessments are financed through general obligation bonds of the City and are retired from the Debt Service Fund. Special assessments paid prior to the issuance of bonds are recorded as revenue in the appropriate project. Special assessments received after the issuance of bonds are recorded as revenue in the Debt Service Fund. The special assessments receivable are not recorded as revenue when levied against the respective property owners as such amounts are not available to finance current year operations. The special assessment debt is a contingent liability of the City to the extent of property owner defaults, which have historically been immaterial.

Conduit Debt - The City has entered into several conduit debt arrangements wherein the City issues industrial revenue bonds to finance a portion of the construction of facilities by private enterprises. In return, the private enterprises have executed mortgage notes or leases with the City. The City is not responsible for payment of the original bonds, but rather the debt is secured only by the cash payments agreed to be paid by the private enterprises under the terms of the mortgage or lease agreements. Generally, the conduit debt is arranged so that payments required by the private enterprises are equal to the mortgage payment schedule related to the original debt. As of December 31, 2017, total outstanding conduit debt was \$4,066,279.

Note 4: Other Information

Defined Benefit Pension Plan

Description of Pension Plan. The City participates in a cost-sharing multiple-employer pension plan (Pension Plan), as defined in Governmental Accounting Standards Board Statement No. 67, *Financial Reporting for Pension Plans*. The Pension Plan is administered by the Kansas Public Employees Retirement System (KPERs), a corporate body and an instrumentality of the State of Kansas. KPERs provides benefit provisions to the following statewide pension groups under one plan, as provided by K.S.A. 74, article 49:

- Public employees, which includes:
 - State/School employees
 - Local employees
 - Police and Firemen
 - Judges

Substantially all public employees in Kansas are covered by the Pension Plan. Participation by local political subdivisions is optional, but irrevocable once elected.

Those employees participating in the Pension Plan for the City are included in the Local employees group and the Kansas Police and Firemen group.

KPERs issues a stand-alone comprehensive annual financial report, which is available on the KPERs website at www.kpers.org.

Benefits. Benefits are established by statute and may only be changed by the State Legislature. Members (except Police and Firemen) with ten or more years of credited service, may retire as early as age 55 (Police and Firemen may be age 50 with 20 years of credited service), with an actuarially reduced monthly benefit. Normal retirement is at age 65, age 62 with ten years of credited service, or whenever a member's combined age and years of service equal 85. Police and Firemen normal retirement ages are age 60 with 15 years of credited service, age 55 with 20 years, age 50 with 25 years, or any age with 36 years of service.

CITY OF EMPORIA, KANSAS
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
 December 31, 2017

Note 4: Other Information

Defined Benefit Pension Plan (Continued)

Monthly retirement benefits are based on a statutory formula that includes final average salary and years of service. When ending employment, members may withdraw their contributions from their individual accounts, including interest. Members who withdraw their accumulated contributions lose all rights and privileges of membership. For all pension coverage groups, the accumulated contributions and interest are deposited into and disbursed from the membership accumulated reserve fund as established by K.S.A. 74-4922.

Members choose one of seven payment options for their monthly retirement benefits. At retirement, a member may receive a lump-sum payment of up to 50% of the actuarial present value of the member's lifetime benefit. His or her monthly retirement benefit is then permanently reduced based on the amount of the lump sum. Benefit increases, including ad hoc post-retirement benefit increases, must be passed into law by the Kansas Legislature. Benefit increases are under the authority of the Legislature and the Governor of the State of Kansas.

The 2012 Legislature made changes affecting new hires, current members and employers. A new KPERS 3 cash balance retirement plan for new hires starting January 1, 2015, was created. Normal retirement age for KPERS 3 is 65 with five years of service or 60 with 30 years of service. Early retirement is available at age 55 with ten years of service, with a reduced benefit. Monthly benefit options are an annuity benefit based on the account balance at retirement.

For all pension coverage groups, the retirement benefits are disbursed from the retirement benefit payment reserve fund as established by K.S.A. 74-4922.

Contributions. Member contributions are established by state law, and are paid by the employee according to the provisions of Section 414(h) of the Internal Revenue Code. State law provides that the employer contribution rates are determined based on the results of an annual actuarial valuation. The contributions and assets of all groups are deposited in the Kansas Public Employees Retirement Fund established by K.S.A. 74-4921. All of the retirement systems are funded on an actuarial reserve basis.

For fiscal years beginning in 1995, Kansas legislation established statutory limits on increases in contribution rates for KPERS employers. Annual increases in the employer contribution rates related to subsequent benefit enhancements are not subject to these limitations.

The actuarially determined employer contribution rates (not including the 0.85% contribution rate for the Death and Disability Program) and the statutory contribution rates are as follows:

	Actuarial Employer Rate	Statutory Employer Capped Rate
Local government employees	8.46%	8.46%
Police and Firemen	19.03%	19.03%

Member contribution rates as a percentage of eligible compensation for the fiscal year 2017 are 6.00% for Local employees and 7.15% for Police and Firemen.

CITY OF EMPORIA, KANSAS
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
December 31, 2017

Note 4: Other Information

Defined Benefit Pension Plan (Continued)

Employer Allocations. Although KPERS administers one cost-sharing multiple-employer defined benefit pension plan, separate (sub) actuarial valuations are prepared to determine the actuarial determined contribution rate by group. Following this method, the measurement of the collective net pension liability, deferred outflows of resources, deferred inflows of resources, and pension expense are determined separately for each of the following groups of the plan:

- State/School
- Local
- Police and Firemen
- Judges

To facilitate the separate (sub) actuarial valuations, KPERS maintains separate accounts to identify additions, deductions, and fiduciary net position applicable to each group. The allocation percentages presented for each group in the schedule of employer and nonemployer allocations are applied to amounts presented in the schedules of pension amounts by employer and nonemployer.

The allocation percentages for the City's share of the collective pension amounts as of December 31, 2017, are based on the ratio of its contributions to the total of the employer and nonemployer contributions of the group for the fiscal years ended December 31, 2017.

The contributions used exclude contributions made for prior service, excess benefits and irregular payments. At June 30, 2017, the City's proportion for the Local employees group was 0.3203%, which was a decrease of .050% from its proportion measured at June 30, 2016. At June 30, 2017, the City's proportion for the Police and Firemen group was .9521%, which was a decrease of .284% from its proportion measured at June 30, 2016.

Net Pension Liability. At December 31, 2017, the City reported a liability of 13,569,378 for its total proportionate share of the net pension liability for the Local and Police and Firemen groups. The Emporia Public Library, a discretely presented component unit, reported a liability of \$327,394 for its proportionate share.

Actuarial Assumptions. The total pension liability was determined by an actuarial valuation as of December 31, 2016, which was rolled forward to June 30, 2017, using the following actuarial assumptions:

<u>Assumption</u>	<u>Rate</u>
Actuarial Cost Method	Entry age normal
Inflation	2.75 percent
Salary Increases	4.00 to 16.00 percent including price inflation
Investment Rate of Return	7.75 percent compounded annu investment expenses, including price inflation

Mortality rates were based on the RP-2014 Mortality Tables, with age setbacks and age set forwards as well as other adjustments based on different membership groups. Future mortality improvements are anticipated using Scale MP-2016.

The actuarial assumptions used in the December 31, 2016 valuation were based on the results of an actuarial experience study conducted for the period January 1, 2013 through December 31, 2015.

CITY OF EMPORIA, KANSAS
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
December 31, 2017

Note 4: Other Information

Defined Benefit Pension Plan (Continued)

The long-term expected rate of return of pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage.

Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2017 are summarized in the following table:

<u>Asset</u>	<u>Long-Term Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Global equity	47%	6.80%
Fixed income	13%	1.25%
Yield driven	8%	6.55%
Real return	11%	1.71%
Real estate	11%	5.05%
Alternatives	8%	9.85%
Short-term investment	2%	-0.25%
	<u>100%</u>	

Discount Rate. The discount rate used to measure the total pension liability was 8.00%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the contractually required rate. The State, School and Local employers do not necessarily contribute the full actuarial determined rate. Based on legislation passed in 1993, the employer contribution rates certified by the System's Board of Trustees for these groups may not increase by more than the statutory cap. The expected KPERS employer statutory contribution was modeled for future years, assuming all actuarial assumptions are met in future years. Employers contribute the full actuarial determined rate for Police & Firemen, and Judges. Future employer contribution rates were also modeled for Police & Firemen and Judges, assuming all actuarial assumptions are met in future years. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

CITY OF EMPORIA, KANSAS
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
December 31, 2017

Note 4: Other Information
Defined Benefit Pension Plan (Continued)

Sensitivity of the City's proportionate share of the net pension liability to changes in the discount rate. The following presents the City's proportionate share of the net pension liability calculated using the discount rate of 7.75%, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.75%) or 1-percentage point higher (8.75%) than the current rate:

	<u>1% Decrease (6.75%)</u>	<u>Discount Rate (7.75%)</u>	<u>1% Increase (8.75%)</u>
Local	\$ 6,682,589	\$ 4,639,983	\$ 2,918,145
Police and Firemen	12,667,634	8,929,395	5,799,956
Total	<u>\$ 19,350,223</u>	<u>\$ 13,569,378</u>	<u>\$ 8,718,101</u>

Pension Expense. For the year ended December 31, 2017, the City recognized Local pension expense of \$498,395 and Police and Firemen pension expense of \$1,404,825, which includes the changes in the collective net pension liability, projected earnings on pension plan investments, and the amortization of deferred outflows of resources and deferred inflows of resources for the current period.

Deferred Outflows of Resources and Deferred Inflows of Resources. At December 31, 2017, the City reported deferred outflows of resources and deferred inflows of resources related to pensions for Local and Police and Firemen groups from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
City contributions subsequent to the measurement date	\$ 800,333	\$ -
Differences between actual and expected experience	454,100	227,237
Net differences between projected and actual earnings on investments	476,342	-
Changes of assumptions	873,407	73,834
Changes in proportion	38,359	785,151
Total	<u>\$ 2,642,541</u>	<u>\$ 1,086,222</u>

The City reported \$800,333 as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date, which will be recognized as a reduction of the net pension liability in the year ended December 31, 2017. Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year Ended June 30,</u>	<u>Local Group Deferred (Inflows) Outflows Amount</u>	<u>Police and Firemen Group Deferred (Inflows) Outflows Amount</u>
2016	\$ (121,665)	\$ 107,104
2017	287,468	512,865
2018	65,997	452,498
2019	29,170	286,998
2020	(99,111)	(23,021)
Thereafter	8,791	49,224
Total	<u>\$ 170,650</u>	<u>\$ 1,385,668</u>

CITY OF EMPORIA, KANSAS
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
December 31, 2017

Note 4: Other Information (Continued)

Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the City carries commercial insurance. Settlements of claims have not exceeded available coverage for the years ended December 31, 2017, 2016, and 2015.

Workers' compensation - The City established a limited risk management program for workers' compensation. The program covers all City employees. Premiums are paid into the workers' compensation reserve fund by all other funds and are available to pay claims, claim reserves and administrative costs of the program.

Liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. An excess coverage insurance policy covers individual claims over a certain amount. Liabilities include an amount for claims that have been incurred but not reported (IBNRs). Claims liabilities are calculated considering the effects of inflation, recent claim settlement trends including frequency and amount of payouts and other economic and social factors. The liability for claims and judgments is reported in the Workers' Compensation Fund because it is expected to be liquidated with expendable available financial resources. Changes in the balances of claims liabilities during the past year are as follows:

	2017	2016
Unpaid claims - January 1	\$ 105,960	\$ 82,581
Incurred claims (including IBNRs)	801,173	58,550
Claim payments	(499,674)	(35,171)
Unpaid claims - December 31	\$ 407,459	\$ 105,960

Contingent Liabilities

The City receives significant financial assistance from numerous federal and state governmental agencies in the form of grants and state pass-through aid. The disbursement of funds received under these programs generally requires compliance with the terms and conditions specified in the grant agreements and is subject to audit. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims would not have a material effect on any of the financial statements of the City at December 31, 2017.

The City is a party in various pending claims. Although the outcome of these pending claims is not presently determinable, it is the opinion of the City's legal counsel that resolution of these matters will not have a material adverse effect on the financial condition of the City.

New Governmental Accounting Standards

The Governmental Accounting Standards Board (GASB) has issued the following statements which will or may affect the City:

GASB Statement No. 80, "Blending Requirements for Certain Component Units", was issued January 2016 and is effective for reporting periods beginning after June 15, 2016.

GASB Statement No. 81, "Irrevocable Split-Interest Agreements", was issued March 2016 and is effective for periods beginning after December 15, 2016.

GASB Statement No. 82, "Pension Issues", was issued March 2016 and is effective for reporting periods beginning after June 15, 2016.

GASB Statement No. 83, "Certain Asset Retirement Obligations", was issued November 2016 and is effective for reporting periods beginning after June 15, 2018.

GASB Statement No. 84, Fiduciary Activities, was issued January 2017 and is effective for reporting periods beginning after December 15, 2018.

CITY OF EMPORIA, KANSAS
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
December 31, 2017

Note 4: Other Information (Continued)
Postemployment Benefits Other Than Pensions

Plan Description

As required by Kansas statutes, the City provides postemployment healthcare benefits to electing retired employees who have met age and/or service eligibility requirements until the individuals become eligible for Medicare coverage at age 65. The health insurance benefit provides the same coverage for retirees and their dependents as for active employees and their dependents. The plan is a single-employer plan.

Funding Policy

The City provides medical, prescription drug, and dental benefits (healthcare benefits) to retirees and their dependents in accordance with Kansas law (K.S.A. 12-5040). This statute, which may be amended by the state legislature, establishes that participating retirees may be required to contribute to the employee group health benefits plan, including administrative costs at an amount not to exceed 125% of the premium cost for other similarly situated employees. The City requires participating retirees to contribute 120% of the premium cost of active employee.

The City provides funding for the expenditures on a pay-as-you-go basis through the Health Care Fund. In 2017, active and retired plan members contributed \$610,348 to the plan and the City contributed \$878,498 to the plan.

Annual OPEB Cost and Net OPEB Obligation

The City's annual OPEB (other postemployment benefit) cost is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities over a period of not to exceed 30 years. The following table presents the components of the City's annual OPEB cost for the year, the amount contributed to the plan, and changes in the City net OPEB obligation:

Annual required contribution (ARC)	\$ 63,422
Interest on net OPEB obligation	3,069
Adjustment to ARC	(4,187)
Annual OPEB Cost (Expense)	<u>\$ 62,304</u>
Contributions made	<u>73,182</u>
Increase in Net OPEB Obligation	<u>\$ (10,878)</u>
Net OPEB Obligation - January 1, 2017	<u>68,201</u>
Net OPEB Obligation - December 31, 2017*	<u><u>\$ 57,323</u></u>

* Based on valuation dated May 14, 2018

Note 4: Other Information (Continued)

Postemployment Benefits Other Than Pensions (Continued)

Annual OPEB Cost and Net OPEB Obligation

The City's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation are as follows in the table below:

<u>Fiscal Year Ended</u>	<u>OPEB Cost</u>	<u>% of Annual OPEB Cost Contributed</u>	<u>Net OPEB Obligation</u>
December 31, 2012	\$ 57,522	61.5%	\$ 22,134
December 31, 2013	41,690	51.8%	42,248
December 31, 2014	41,690	51.8%	62,362
December 31, 2015	43,677	86.6%	68,201
December 31, 2016	43,677	86.6%	68,201
December 31, 2017	62,304	80.4%	57,323

*

Funded Status and Funding Progress

As of January 1, 2017, the most recent actuarial valuation date, the plan was 0% funded. The actuarial accrued liability for benefits was \$712,659. The City's policy is to fund the benefits on a pay-as-you-go basis, resulting in an unfunded actuarial accrued liability (UAAL) of \$712,659. The covered payroll (annual payroll of active employees covered by the plan) in 2017 was \$9,545,604 and the ratio of the UAAL to covered payroll was 7.5%. Actuarial analysis is required every two years.

Actuarial Methods and Assumptions

The cost of the plan is derived by making certain specific assumptions as to rates of interest, mortality, turnover, etc., which are assumed to hold for many years into the future. Since actual experience may differ somewhat from the long-term assumptions, the cost determined by the valuation must be regarded as estimates of the true costs of the plan. Actuarially determined amounts reflect a long-term view and are subject to continual revision as results are compared to past expectations and new estimates are made about the future. Projections of benefits for financial reporting purposes are based on the substantive plan and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. Actuarial liabilities and comparative costs were computed using the Projected Unit Credit Actuarial Cost Method and the following assumptions:

Amortization method	Level dollar amount on open basis over 30 years
Discount rate	4.50%
Mortality rate	RP-2000 mortality tables for healthy annuitants and employees for males and females with generational projection, ages set forward on year
Withdrawal rates	Past history of City used to established rates
Retirement rates	Past history of City used to established rates
Marriage and family assumptions	Wives are assumed to be three years younger than husbands and 20% of members are assumed to have spouses who will elect coverage
Price inflation	3% per year
Payroll growth	3% per year
Healthcare cost trend rate	7% grading down to 5%
Participant rate	30% of members are assumed to elect coverage upon retirement

Data became first available with the inception of GASB Statement 68 during fiscal year 2015; therefore, 10 years of data is unavailable.

OTHER FINANCIAL INFORMATION

CITY OF EMPORIA, KANSAS
COMBINING STATEMENTS - NON-MAJOR FUNDS
December 31, 2017

Non-Major Special Revenue Funds

Special revenue funds are used to account for specific revenues that are legally restricted to expenditure for particular purposes.

Budgeted Funds

Library Fund - To account for the collection of tax levy money, which is appropriated to the Emporia Public Library for its operations.

Convention and Tourism Promotion Fund - To account for the promotion of convention and tourism. Financing is provided by a 6% tax on gross rental receipts collected from hotels and motels within the City limits.

Industrial Fund - To account for the promotion of industrial development. The majority of this fund is used to assist in the acquisition of land for the industrial parks. Financing is provided by a property tax levy not to exceed 1 mill. This is the maximum amount that can be levied per Kansas statutes.

Special Alcohol Program Fund - To account for costs for the establishment, maintenance and/or expansion of services or programs related to substance abuse prevention and education, or treatment of persons who are substance abusers or are in danger of becoming substance abusers. Financing is provided by tax on the sale of alcoholic liquor by private clubs. State law requires 1/3 of this liquor tax to be used for a special alcohol program.

Special Park and Recreation Fund - To account for the costs of enhancing the area of recreation or parks. Financing is provided by tax on the sale of alcoholic liquor by private clubs. State law requires 1/3 of this liquor tax to be used for a special park and recreation fund.

Special Street Fund - To account for a portion of costs of maintaining the street system. Financing is provided by a proportionate share of the Special City and County Highway Fund distributed by the State Treasurer.

Drug Money Forfeiture Fund - To account for the receipt and expenditure of funds seized by the police in connection with the arrest and conviction of individuals for illegal drug activities.

Industrial Development Sales Tax Fund - To account for the sales tax receipts, other revenues and expenditures related to industrial development. Receipts of retail sales taxes are deposited in the General Fund, and the portion related to this activity is transferred to this fund.

Non-Budgeted Funds

Housing Study RDA Fund - To account for a county-wide study to identify the current and future needs and solutions to housing problems within the county.

Emergency Shelter Fund - To account for grant funds appropriated to a local women's shelter.

CITY OF EMPORIA, KANSAS
COMBINING STATEMENTS - NON-MAJOR FUNDS
December 31, 2017

Non-Major Special Revenue Fund (Continued)

Non-Budgeted Funds

Law Enforcement Block Grants Fund - to account for receipts and expenditures of police department related grant funds.

DARE Crime Prevention Fund - To account for funds expended in connection with the DARE program.

2014 Housing Fund - to account for the housing grant funds.

911 Land Wire Fees Fund - To account for fees collected and expenditures made.

Lake Kahola Fund - To account for the funds received in the sale of Lake Kahola to the Lake Kahola cabin owners.

TDD Fund - To account for funds associated with the Transportation Development District.

CID Fund - To account for funds associated with the Community Improvement District.

TIF Fund - To account for funds associated with the Tax Incremental Financing District.

Emporia Home Repair Fund - To account for the funds used in the home repair program.

2017 Housing Fund - To account for the housing grant funds.

Non-Major Capital Project Funds

Capital project funds are used to account for acquisition and construction of major capital facilities other than those financed by proprietary funds and trust funds.

Internal Improvements Fund - To account for various City infrastructure improvement projects. Financing is provided through temporary notes and special assessments.

Airport Improvements Fund - To account for the costs of new airport improvements.

Recreation Center Improvements Fund - To account for the costs of improvements to the recreation center.

Construction Projects Fund - To account for the funds appropriated for various construction projects of the City of Emporia.

Park Improvements Fund - To account for the costs of improving existing parks.

Paving Projects Fund - To account for the costs of new paving projects.

Water Treatment Plant Improvements Fund - to account for the costs of the water treatment plant improvements.

Waste Water Treatment Plant Improvements Fund - to account for the costs of the waste water treatment plant improvements.

CITY OF EMPORIA, KANSAS
INTERNAL SERVICE FUNDS

December 31, 2017

Internal service funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the City and to other government units on a cost reimbursement basis.

Workers' Compensation Fund - To account for contributions made by the City to be used for paying claims for job-related injuries.

Employee Health Care Fund - To account for contributions made by the City, city employees and former city employees to be used for payment of medical claims of covered patients.

TRUST AND AGENCY FUNDS**

December 31, 2017

Trust funds are used to account for assets held by the City in a trustee capacity. Agency funds are used to account for assets held by the City as an agent for individuals, private organizations, other governments and/or other funds.

Tree Private Purpose Trust Fund - To account for monies provided by private donors to finance planting of trees.

Freemont Park Private Purpose Trust Fund - To account for the money donated to the City for the purpose of building a display shelter for the railroad engine and caboose at Fremont Park.

Las Casitas Park Private Purpose Trust Fund - To account for monies provided by private donors to finance improvements to the Las Casitas Park.

Economic Development Private Purpose Trust Fund - To provide a financial resource which enhances the City's ability to attract new economic development projects by lending money to businesses that is repaid with interest.

Fire Insurance Proceeds Agency Fund - To account for a portion of insurance proceeds from fire and casualty losses to structures within the City. Proceeds are returned to property owners upon substantial completion of repairs or demolition of structure.

STATISTICAL SECTION

CITY OF EMPORIA, KANSAS
STATISTICAL SECTION
(UNAUDITED)
December 31, 2017

This part of the City of Emporia's *Comprehensive Annual Financial Report (CAFR)* presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

Contents

Financial Trends

These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the City's most significant local revenue source, the property tax.

Debt Capacity

These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.

Demographic and Economical Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.

Source - Unless otherwise noted, the information in these schedules is derived from the Annual Financial Report for the relevant year. The City implemented GASB Statement 34 in 2003; schedules presenting government-wide information include information beginning in that year

* The City implemented GASB 54, Fund Balance Reporting and Governmental Fund Type Definitions ("GASB 54") in 2011. GASB 54 established new fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in the governmental funds. The City has elected to apply GASB 54 prospectively and thus has provided fund balance information before ("Pre") and after ("Post") its implementation.

Governmental Unit			
Unified School District #253 - Overlapping	\$ 12,820,000	87.197%	\$ 11,178,655
Lyon County, Kansas - Overlapping	19,970,000	63.085%	<u>12,598,075</u>
Subtotal, Overlapping Debt			\$ 23,776,730
City of Emporia - Direct Debt			<u>57,615,400</u>
Total Direct and Overlapping Debt			<u><u>\$ 81,392,130</u></u>
Population			24,816
Overlapping debt per capita			\$ 958
Direct and overlapping debt per capita			\$ 3,280

Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the overlapping debt of those overlapping governments that is borne by the residents and businesses of the City. This process recognizes that, when considering the City's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident and therefore responsible for repaying the debt, of each overlapping government.

For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of another governmental unit's taxable assessed value that is within the City's boundaries and dividing it by each unit's total taxable assessed value. This approach was also applied to the other debt of the overlapping governmental units.

UNIFORM GUIDANCE SECTION

September 17, 2018

Honorable Mayor and City Commissioners
City of Emporia
Emporia, Kansas

**Independent Auditors' Report on Internal Control Over
Financial Reporting and on Compliance and Other Matters
Based on an Audit of a Financial Statement Performed in
Accordance with *Government Auditing Standards***

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, and the *Kansas Municipal Audit and Accounting Guide*, the summary statement of receipts, expenditures, and unencumbered cash of the City of Emporia, Kansas (the City) as of and for the year ended December 31, 2017, and the related notes to the financial statement, which collectively comprise the County's basic financial statement and have issued our report thereon dated September 17, 2018.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statement, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statement, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the financial statement will not be prevented or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statement is free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

September 17, 2018
Honorable Mayor and City Commissioners
City of Emporia

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

September 17, 2018

Honorable Mayor and City Commissioners
City of Emporia
Emporia, Kansas

**Independent Auditor's Report on Compliance for Each
Major Federal Program and Report on Internal Control Over
Compliance in Accordance with the Uniform Guidance**

We have audited the City's compliance with the types of compliance requirements described in the *Office of Management and Budget (OMB) Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs for the year ended December 31, 2017. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the City's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provided a legal determination on the City's compliance.

Opinion on Each Major Federal Program

In our opinion, the City complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2017.

Report on Internal Control Over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion of the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and correct, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in integral control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

CITY OF EMPORIA, KANSAS
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
For the Year Ended December 31, 2017

Note A - Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of the City under programs of the federal government for the year ended December 31, 2017. This schedule is presented using the cash basis of accounting modified to include accounts payable. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance).

Note B - Indirect Cost Rate

The City does not allocate indirect costs to its federal award programs. Accordingly, use of the 10% de minimis indirect cost rate provisioned by the Uniform Guidance Section 414, is not applicable.

Note C - Non-Cash Assistance, Insurance and Loans

The City did not receive or expend any federal awards in the form of non-cash assistance, insurance, loans or loan guarantees, including interest subsidies during the year ended December 31, 2017.
